

Arooj Fatima

Frontend / Web Developer & Web Trainer

Multan, Pakistan | arooj.fatima.1925@gmail.com | +92 322 5810024 | LinkedIn: arooj.fatima.1925

PROFESSIONAL SUMMARY

Frontend / Web Developer with 2+ years of practical experience in web development, including a 6-month Web Development internship at Maxcore Technologies and professional experience building responsive, user-focused websites and web applications. Currently working as a Web Trainer at ACE Connect, while bringing hands-on experience with HTML5, CSS3, JavaScript, Bootstrap, React.js, React-Bootstrap, WordPress, API integration and GitHub. Strong focus on clean UI, responsive design, reusable components, cross-browser compatibility and practical problem-solving.

PROFESSIONAL EXPERIENCE

Web Trainer

ACE Connect — Multan | Present

- Deliver practical training in web development fundamentals and frontend technologies.
- Guide learners through HTML, CSS, JavaScript, Bootstrap and modern web-development concepts.
- Explain coding concepts clearly through hands-on exercises, projects and problem-solving.
- Support learners in building responsive websites and developing industry-relevant frontend skills.

Frontend / Web Developer

Maxcore Technologies — Multan | June 2024 – Present

- Develop responsive and visually engaging websites and web applications using modern frontend technologies.
- Build reusable, component-based interfaces with React.js and Bootstrap.
- Create responsive layouts with strong attention to UI quality, cross-browser compatibility and usability.
- Integrate APIs and work with backend services to deliver functional web experiences.
- Collaborate with team members to translate design requirements into practical, high-quality interfaces.

Web Development Intern

Maxcore Technologies — Multan | 6 Months

- Gained hands-on experience in professional web development workflows and frontend implementation.
- Worked with HTML, CSS, JavaScript and responsive design principles.
- Assisted in developing and refining website interfaces and learning industry development practices.
